HEALTH TECH

LET'S INNOVATE DIGITAL HEALTH TOGETHER!

In our **HEALTHTECH** innovation program, up to 5 different companies define their individual challenge in the context of digital and innovative healthcare.

Our ecosystem of researchers, young professionals, students and startups then develops new approaches or apply existing solutions in order to **build a sustainable & digital healthcare together**.

- **accelerate** and **scale** your innovation activities
- **save** operational effort
- **minimize** financial risks

18 000 INNOVATORS	**1250** STARTUPS	**130+** UNIVERSITIES	**75** COUNTRIES

BECAUSE SHARED KNOWLEDGE GROWS FASTER!

HOW IT WORKS

1. QUALIFICATION PHASE
3 MONTHS
We activate our global ecosystem and generate a variety of innovative teams and solutions.

2. PRE-SELECTION
1 MONTH
Out of all submitted solutions, you select the 2 most promising teams.

3. BOOTCAMP
1 DAY
Meet your final teams in a digital event organized by ekipa to go into a discourse about the solutions and shape the direction for further development.

4. COLLABORATION PHASE
2 MONTHS
The selected teams further develop & specify their solutions based on your requirements; first pilots are initiated.

5. FINAL EVENT
1 DAY
The finalist teams will present their solutions in a final pitch event organized by ekipa. Subsequent steps and cooperation opportunities will be discussed.
